

ONE SHOT AT THE FIRST LINE

Tom, 26

he / him · variant **social**

Fine once it is running. It is the first thirty seconds that end him.

//

I think of the perfect thing to say about four minutes after they have gone.

02Who he is

THE ARCHETYPE

AGE	LOCATION
26	Bristol, UK — moved six months ago
HOUSEHOLD	EDUCATION
Lives alone, one-bed rental	BA, non-specialist
OCCUPATION	ALREADY TRIED
Junior sales, target-driven	Going out more and hoping
TRIGGER	GOES OUT
Friday night with people he barely knows	Less than he says he does

He believes the people who are good at this were born knowing what to say. He has never once rehearsed a first minute, and it has never occurred to him that it could be rehearsed.

The reframe: it is a first minute you have never practised, not a personality you were not born with.

03What he wants

GOALS

GOAL 01

Open without ten minutes of rehearsal

Say something while the moment is still there.

GOAL 02

Read it when it is not landing

Notice early, change course, leave gracefully. That is the skill.

GOAL 03

Stop losing the evening to one flat line

A bad opener should cost thirty seconds, not the whole night.

SUCCESS

He starts a conversation with a stranger and cannot remember afterwards that it was hard.

04What hurts

IN HIS WORDS, FROM THE PAGE

01

You think too long

By the time you have a line, the moment has gone.

02

It comes out flat

You say it, it lands badly, and you think about it all evening.

03

You learn nothing

You never find out which bit was the problem. So you do it again.

05What he thinks before he taps

OBJECTION → ANSWER

HE THINKS	THE PAGE ANSWERS
Is this a pick-up thing?	No. She can say no, and sometimes she does. It never tells you to push.
Will it make me sound scripted?	The scene changes every time. You cannot memorise your way through it.
I do not need an app to talk to people.	You need reps. This is where you get them before it counts.

06How he uses it

THE REAL MOMENT

WHEN

Twenty minutes before he goes out

WHAT HE PICKS

Beach, festival, bar. Two goes, warm-up not study.

WHAT HE WATCHES

Whether the opener lands without the four-minute delay

STEP 01

Pick a place

A café, a beach, a gym, a festival.

STEP 02

Talk

Hold the button and speak. She answers, and she can be cool about it.

STEP 03

See your score

What worked, what did not, and what to say instead.

07 Pain, barrier, solution

WHY HE HAS NOT FIXED IT ALREADY

PAIN

A whole evening written off because of one flat opening line.

BARRIER

Authenticity. He thinks practising makes him a fraud, and he does not want to be the kind of person who needs an app for this.

SOLUTION

Warm-up framing, and scenes that change every time so there is no script to memorise. Two goes before he leaves the house.

08 The message that lands

WHAT HE RESPONDS TO

Permission to practise. He believes rehearsing means you have already lost, so the message has to reframe it as a warm-up — the thing every athlete does — rather than as a lesson.

01 Say it before it counts.

02 The first thirty seconds are the only hard part.

03 Warm up. Then go out.

SAY IT LIKE THIS

Short, present tense, high energy, cut fast. Warm-up language throughout — reps, going again, before it counts. Show the scene, never the score screen.

NEVER SAY

Anything from the pick-up world. No “get any girl”, no conquest framing, no implied technique on people. It contradicts the app, which lets her decline, and the site is linked from the app that App Review reads.

09 Where to reach him

CHANNELS

TikTok / Reels

His native platform. Show the scene, not the score screen.

YouTube Shorts

Same creative, second placement.

Instagram

Travel and nightlife interest targeting.

BEST BET TikTok, and it is not close. Native format, his age group, and the cheapest reach of the five personas.

10 The funnel

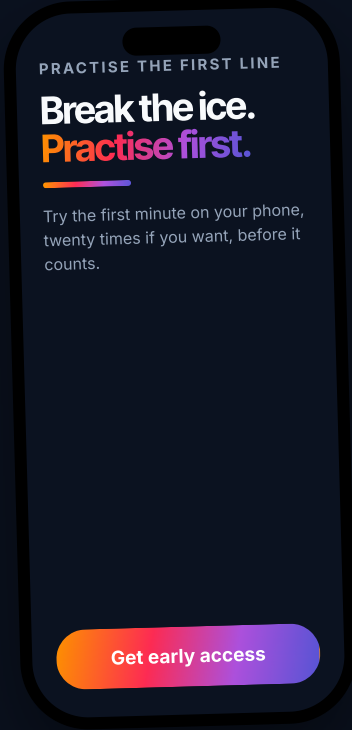

AWARENESS TO LOYALTY

STAGE	CHANNEL & FORMAT	WHAT IT HAS TO DO	MEASURE
Awareness	TikTok / Shorts · 9:16 · 8s	The pause before approaching. Cut on the hesitation.	Hook rate at 3s, share rate
Consideration	Landing page /meeting-people/	The films lead. He needs to watch it, not read about it.	Scenario play rate
Conversion	Get early access → TestFlight	Keep the gap between ad and install short — his intent decays in minutes.	testflight_click
Loyalty	The pre-night-out warm-up	He returns before going out, not daily. Measure weekly actives and time notifications to Friday, never to a daily streak.	Weekly actives before weekends

READ IT AS Message-match, not significance. One ad group per audience pointing at its own page pays off immediately.

06 FAQ

The films come second, straight after the problem. For him the scenes are the pitch — he needs to see it, not read about it.

12 The video ad

9:16 VERTICAL · 8S · MUSIC BED

GENERATION PROMPT — PASTE INTO SEEDANCE / VEO

Cinematic 9:16 vertical, golden hour at a busy beach bar. A man in his mid twenties stands at the edge of a group, drink in hand, watching a conversation he has not joined. He shifts his weight, begins to step forward, hesitates, and stops. Warm amber backlight, handheld with natural movement, shallow depth of field, 35mm, filmic grain. Crowd ambience and a low music bed. No dialogue.

FORMAT

ON-SCREEN TEXT

“Four minutes later you will know exactly what to say.” — at 5s

END CARD

DO NOT Keep every ad PG-13. The app itself declines coercive pushes, the site is linked from the app, and App Review reads both. Creative that promises seduction contradicts the product and risks the review.
