C1PATTERN INTERRUPT HOOK

12s · 9:16

Opens on a loud party. Cuts to a silent flat.

SEEDANCE PROMPT — PASTE AS WRITTEN

Cinematic 9:16 vertical, two shots. First: a warm crowded living-room party, people laughing, handheld, golden lamplight, energetic. Hard cut to: a woman in her late thirties alone in a quiet, warmly lit flat holding a mug, standing at a window at early evening. The room is comfortable and completely still. Static shot with an almost imperceptible push-in, 35mm, gentle grain. Party ambience cuts to near-silence – only distant traffic.

WHY THIS LANDS FOR CLAIRE

The audio drop is the interrupt. It shows what changed without ever saying anything is wrong with her.

SEEDANCE PROMPT — PASTE AS WRITTEN

Cinematic 4:5 or 9:16. A woman in her late thirties stands in a warm, comfortable, quiet flat holding a mug, looking out of a window at early evening light. The room is well kept and completely silent. She glances at her phone; there is nothing on it. She looks back out. Soft warm practical lighting, muted autumnal palette, static shot with an almost imperceptible push-in. Realistic, 35mm, gentle grain. Quiet room tone, distant traffic, no music, no dialogue.

WHY THIS LANDS FOR CLAIRE

Nothing changed about you. Something else did.

SEEDANCE PROMPT — PASTE AS WRITTEN

WHY THIS LANDS FOR CLAIRE

Attributes everything to circumstance and resolves the loop with a cause she can act on rather than a flaw she has to accept.
